

## A message from your Primary Care Network Core Members

Our last spoke event, held in March, was a big success. We had a chance to reconnect with our peers and meet some news faces. In a relaxed, social environment, together we dined over tasty eats and discussed burning issues that affect our everyday practice, like access to specialists, physician wellness and CME opportunities. We'd like to also share with you an ongoing CME opportunity at Halton Healthcare. The next one is taking place today, Tuesday, April 25 at Oakville Trafalgar Memorial Hospital. We hope to see you again, or meet you for the first time, at our next spoke event. Stay tuned!

- Dr. Corinne Breen and Dr. Kristiana Martiniuk

### *Primary Care Network April Meeting Recap*

#### **Dr. Bill Wong on delivering MAiD**

Dr. Bill Wong, Program Chief and Medical Director of Anesthesiology at Trillium Health Partners (THP), delivered a highly informative and engaging presentation on Medical Assistance in Dying (MAiD). More specifically, he discussed the experience of providing MAiD at THP. You can access the presentation deck at [www.primarycarenetwork-mh.ca/clinical-resources/](http://www.primarycarenetwork-mh.ca/clinical-resources/).

#### **Primary Care Network Goal-Setting**

Each core member of the Primary Care Network has identified a personal goal for improving our region's Primary Care community. Together, we will be working tirelessly over the next year to accomplish these goals, with the overarching objective of making your working lives a little easier. Stay tuned for updates on physician wellness, mentorship programming, community building, CME opportunities and much more.

### *Meet your Core Member*

Send us an email if you have any questions or just want to chat! We'd be happy to connect.
