

A Message from your Primary Care Network Core Members, Dr. Corinne Breen and Dr. Kris Martiniuk

On June 20, the Primary Care Network (PCN) held its final meeting before breaking for the summer. Exciting things are happening in primary care and as your vehicle of communication, we want to ensure your voices are heard, questions are answered and concerns are addressed. Please contact us at any time with agenda items, be it to address practice issues, questions about health care system navigation or information and best practices worth sharing with our primary care provider community.

PCN Events

PCN events are on hiatus for the summer months but in the Fall we are hosting another *Doctors' Lounge* event, this time in partnership with OTMH. If you couldn't attend the last one, [here is what you missed](#). Stay tuned for more information on this wonderful opportunity to meet the faces treating your patients.

Retirement and recruitment of PCN core members

The PCN was launched in March 2014. With a maximum four year commitment, many of our core members will need to step down in the next year. As such, we are launching recruitment for new PCN core members. The PCN aims to stagger departure of the current members over the next year to maintain continuity for the group.

Dr. Corinne Breen is transitioning to the sub-region clinical lead, Oakville role. As a founding member of the PCN, we thank Corinne for her leadership.

Dr. Samy Faltas is also stepping down. Samy has been a strong voice for fee-for-service doctors bringing important perspectives to the group. We thank Samy for his service.

If you are interested in becoming a core member, please [complete this form](#).
