

# MyPractice

## Primary Care

A tailored report for quality care

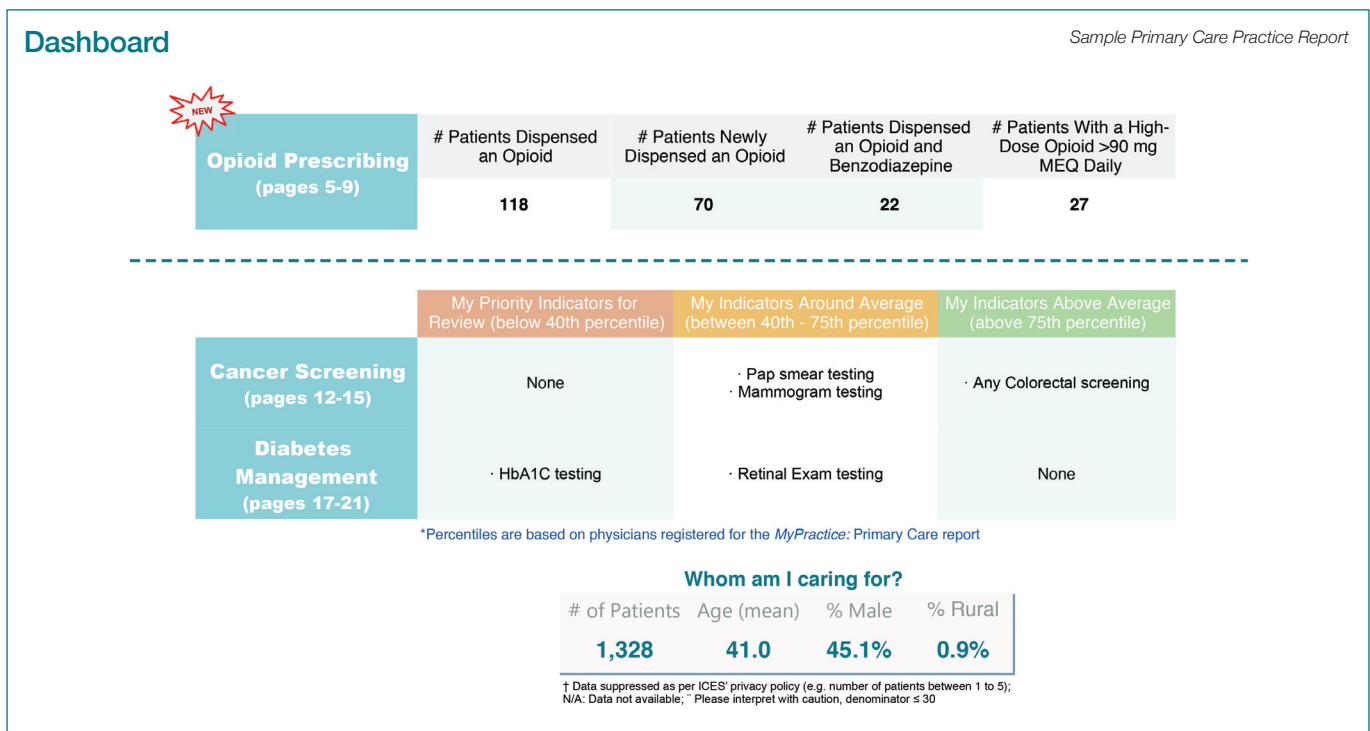

## Access Your Practice Data in a Confidential Report

### Learn more about:

- Your opioid prescribing patterns in relation to peers across the province
- Tools and resources from across the health system to help patients manage pain
- How your patients are doing with their cancer screening and diabetes management
- How often your patients are using health services, like emergency departments

Sign-up at [hqontario.ca/PCreport](https://hqontario.ca/PCreport)

The MyPractice: Primary Care can be used to earn CME credits.
