

You are invited to attend...

***BARIATRIC SURGERY BEST PRACTICES AND
SUPPORTING YOUR PATIENT***

Dr. J. Kenneth Reed MD FRCS(C)

There are many people suffering from obesity and obesity related co-morbidities who may benefit from Bariatric surgery. The evening is designed to familiarize you with obesity treatment options, outcomes and creating a positive patient experience.

Evening's objectives:

- To share obesity management information and foster a supportive environment for Primary Care Practitioners as you connect with top surgeons at Guelph General Hospital
- Outline obesity treatment best practices and identify how surgery can optimize your patients' success
- Summarize bariatric surgery criteria and goals to help support your patient on their journey

Event details: Cutten Fields

190 College Avenue,
Guelph, ON, N1H 6L3
Date: June 25, 2019
Reception: 5:30 p.m.
