PEM Representation: **FHO, non-FHT**

Position(s): **Board Member**

Why are you excited to be part of the MH PCN leadership team?

I am excited to be part of a group of like minded individuals that will shape the future of medicine in Ontario.

If you were part of the MH PCN leadership team, what would be one issue you would like to champion? Why?

Health care policies, I spear-headed the initiative for implementing and ultimately leading the the acceptance of the HPV vaccine and presented my findings at a National conference, FMEC 2014. This taught me that work at a small scale level can eventually ripple onto bigger and profound things.

Do you have deep expertise in an area that you think would be valuable for the MH PCN leadership team?

I was the Chief in my last year of residency, and prior to that have an interest in clinical research as outlined above and during my undergraduate degree (Biochemistry and Biomedical Sciences) I have been part of multiple projects in medical protein analysis.

Do you have any potential conflicts of interest by being involved with the MH PCN leadership team?

No.
